Commission Investigates.

turned last week from their trip of inspection over the Spartanburg & Asheville, and the Georgia & South Carolina Extension Railways. They went over all the parts of both roads which are in North Carolina, and observed very closely their physical condition. Their purpose was to ascertain the causes of accidents. They will in a few days prepare a very complete report, which they will submit to Governor Aycock. They find that the Southern Railway is doing a very sensible thing on the Asheville & Spartanburg road in building what is known as "runaway tracks" on the Saluda grade, at the two points where the fatal accidents have occurred because of runaway trains down that very steep incline. Each of these tracks will be 2,000 yards in length, and they will give an up-grade of 25 or 30 feet. Each will have an open switch, at which will be a switchman, and the latter will be signaled by trains to close the switch so the train can take the main line. If the train is "wild" it will, of course, take the switch and thus save itself by running up the steep incline. It is the opinion of the commissioners that this is the best plan, and that it will obviate the danger. The rail on this road is heavy, being 80 pounds to the yard. It appears that there have been about a dozen accidents, of which the two which occurred quite recently are the worst in character, once causing several deaths. The commissioners find that there are many trestles on the Georgia & South Carolina Extension, in fact a very great number of these. The track and roadbed are found to be in fairly good condition, and improvements are progressing on these as well as on the trestles. As yet the work of filling-in the trestles has not begun. On the part of this road in North Carolina there has been only one accident of any moment, and in this there was no loss of life. This accident was due to the breaking in of a bridge, near Cleveland. The commissioners were closely questioned, these being Superintendent of Bridges Lunn, Division Superintendent Ramseur, and Henry W. Miller, secretary to Vice President Andrews.

State News.

The State charters the Waynesville Furniture Company, capital stock $20,000, the stockholders being Alden Howell and Williiam H. Cole, of Waynesville, Gay Green, of Asheville, and W. E. Landis, of Marion. Another charter is granted The Evening News Publishing Company, of Asheville, capital stock $15,000, in ten-dollar shares; the stockholders being George L. Hackney, W. A. Hilderbrand, T. F. Davidson and others.

The State Superintendent of Public Instruction is informed that since his recent visit to Ormondsville, Greene county, three public school districts have been consolidated into one and will have a successful central school at Ormondsville, which later will be aided by local taxation. Two other districts in that county have also been consolidated.

Governor Aycock has appointed William Henry Bagley, of Raleigh, a director of the Atlantic & North Carolina Railway, to succeed Thomas Dewey, of Newbern, who resigned.

A charter has been granted the Lambert-Murray Company, of Asheville, with $10,000 paid-up capital and leave to increase to $50,000. The company will manufacture lumber and deal in timber lands, etc. The chief stockholders are George H. Lambert, of Asheville, and E. T. Murray, of Hendersonville.

Negroes Asked Entertainment.

Wilmington, Special.—Two well-dressed and apparently intelligent negro men who came down this week on the Southern Railway excursion from Mount Airy, Greensboro and other points, walked up to the desk at the Bonitz Hotel night before last and told the clerk they wanted a light lunch and lodging. Proprietor J. H. W. Bonitz heard the request and approaching the desk ordered the negroes to leave. One of them wanted to argue the point on the plea of being a public hotel, etc., but the threatening demeanor of the proprietor caused them to beat a hasty retreat through the front door, by which they had entered.

Roseboro Hanged.

Statesville, Special.—Wilford Roseboro was hanged here Thursday, for killing Mrs. Beaver. He was put on the scaffold at 12:06 o'clock and as he did not want to make an public statement Sheriff Summers threw the trap at 12:08 o'clock. He dropped six feet and four inches. His neck was broken and his pulse ceased to beat in six minutes and the physicians pronounced him dead in 15 minutes. The crime for which he paid the death penalty was one of the most brutal in the history of this section.

NORTH CAROLINA CROPS

The Past Week's Record as Reported From the Department.

The temperature during the week ending Monday, September 7th, was much lower than during the preceding one, but although the weather was cool, especially in the western section where low night temperatures were recorded, the mean for the week was nearly 2 degrees dally above normal over the central portion of the State; at some places the maximum just reached 90 degrees on one or two dates. The rainfall of the last two days of August and on the 1st and 2nd of September was generally beneficial, but there are many counties in the central district where the rainfall was insufficient, and crops would be benefitted by more precipitation. Severe local wind and hail storms occurred Saturday night (Aug. 29th) in Person, Granville, Iredell and Jackson counties with considerable injury to crops, especially tobacco. Generally the week was fine for maturing crops, and for all kinds of farm work, except that fall plowing in the west did not advance very rapidly.

Corn is generally good, except that late corn needs rain badly in the central portion of the State; in the extreme western mountainous counties corn is still green and with good color, and fodder pulling will soon begin; large amounts of fodder were saved in the east, where this work is nearly finished. Cotton seems to be in very good condition and some correspondents report splendid crops; there are many complaints of rust, which beginning at the top of the plant is causing shedding, but the number of such reports is not excessive as compared with preceding years. There is every prospect of a good top crop with favorable weather during the fall. Cotton is opening everywhere, and picking is already making good progress; the gins have also started work. Tobacco is reported really good in only a few counties, elsewhere, though curing well, the quality is somewhat inferior; cutting and curing is approaching completion in a majority of counties. All minor crops continue to do well including peas, peanuts, sweet potatoes and rice; rice is ripening; turnips have improved; fall Irish potatoes have not come up to good stands. Making sorghum syrup has commenced. Large crops of meadow and pea-vine hay have been made this week. Some fall oats were sown. Winter apples are still dropping considerably. Scuppernong grapes are plentiful.

Salisbury's Labor Day.

Salisbury, Special.—It is conservatively estimated that there were 12,000 people in the crowd gathered on the streets adjoining the public square to see the Labor Day parade Monday morning. On the streets were solid masses, which the marshals parted with great difficulty, and the upper windows of all the buildings along the line of the parade and to a large extent even the roofs were filled with sight-seers. The most sanguine expectations were far exceeded, and it is safe to say that such a crowd was never before seen in Salisbury. Charlotte, Concord, Statesville, Lexington and other towns were largely represented. It was a very well-behaved crowd. One accident, and that a serious one, occurred during the parade, Raymond, the 11-year-old son of Capt. J. C. McCanless, being knocked down and trodden upon twice by a horse on which one of the marshals was mounted. The horse shied suddenly towards the line of spectators, striking the boy with one of his raised forefeet and no blame is attached to his rider. Young McCanless' injuries are internal, and it is feared that they may prove serious.

There were 1,500 men in line in the parade, marching in shirt, belt and trousers. Ninetees floats, all in good taste and most of them elaborately gotten up, added greatly to the general effect of the parade, making it a very fine spectacule as it wound its great length in and out among the principal streets. Following are the local unions and their floats: Central Labor Union, banner displayed on a carriage; Brotherhood of Railway Carmen, preceded by a freight car, with minature car at their rear; Retail Clerks' Association, with decorated carriage, in which were seated Senators Lee S. Overman and Congressman Theo. F. Kluttz; Amalgamated Sheet Metal Workers, Typographical Union and United Brotherhood of Caprenters and Joiners, all three with well-designed floats symbolical of their respective trades; International Association of Machinists, with representation of a machine shop, including a vertical engine, with steam up and whistle blowing; Brotherhood of Blacksmiths, with representation of a blacksmith shop; Textile Workers' Union, and Brotherhcod of Railway Clerks, with floats; Brotherhood of Boilermakers and Shipbuilders, with representation of a boiler in process of construction; a float representing Spencer, being a log cabin, with negroes sitting in front and bearing the legends: "We lived there once, but we don't now," and "Population 1869, 4; 1904, 3,000; another float from Spencer filled with fair young girls; floats representing the Salisbury Cigar Manufacturing Company, G. W. Wright, W. B. Summersett, McNeely and Holmes and S. L. Swicegood.

Labor Days Elsewhere.

Asheville, Special.—The observance of Labor Day was almost universal. Several thousand people assembled at Riverside Park, where speeches were made by Alf S. Barnard and Prof. J. J. Britt. The exercises were under the auspices of the Central Labor Union. There were scores of arrests. There was a severe fight at a negro baseball game, balls, bats and razors playing a conspicuous part. While under the influence of whiskey Dock Guyce fell into a mortar bed and was almost drowned.

POSTOFFICE FRAUDS.

A Prominent Man Now Involved in the Investigation.

SPECULATION AS TO OTHERS.

The Desire of the Paesident is To Probe the Whole Thing To the Bottom, and See Who is Guilty.

Washington, Special.—One of the persons indicted by the Federal grand jury in connection with the postal investigation is George W. Beavers, formerly chief of the division of salary and allowances. It is understood that the charge of conspiracy. Another of the indictments is against August W. Machen, on a new set of facts, involving him with Beavers. The charge is conspiracy.

While the officials refuse to disclose the names of the four remaining persons who were indicted, it is said that none of them is or has been connected with the Postoffice Department, and that one is a man of some prominence It was stated at the city hall that the climax of the investigation is to come shortly, when a person not connected with the Department, but a man as well known as the Postmaster General himself undoubtedly will be indicted for complicity in the postoffice frauds. The grand jury began hearing the evidence in this particular case Wednesday, and it is stated that when a report is made it will in all probability conclude the investigation in Washington.

The Postoffice Charges.

Washington, Special.—By direction of President Roosevelt, a thorough investigation has been made into the charges preferred by Seymour W. Tulloch against the management of affairs of the Washington, D. C. postoffice. This investigation has been made by Charles J. Bonaparte and Holmes Conrad, special counsel of the government in the prosecution of the Postoffices fraud cases, and it is independent of and entirely supplementary to the report made by Fourth Assistant Postmaster General Bristow on the charges preferred by Mr. Tulloch. Mr. Bristow's report, Mr. Conrad said, was simply a collection of the facts in the case as reported by postoffice inspectors, and contained no opinions as to the merits of the charges. The investigation made by Messrs. Bonaparte and Conrad will go into the merits of the charges, and will express an opinion as to whether or not the accused persons are vindicated or are guilty of the offenses charged against them. The conclusions drawn from their inquiry will be embodied in a report which will be submitted to the Attorney General the latter part of this week. No prosecutions will follow from any conclusions the report may draw, as the offenses, if any have been committeed, are barred by the statute of limitations.

The President, says Mr. Conrad, was very anxious that the whole matter should be gone over very carefully so that if persons named in the charges of Mr. Tulloch were not guilty they should be vindicated, and if they were that this fact might go on record. Their duty had been to act in the capacity of a master in chancery and report on the facts as they found them. It was not a party affair with the President, Mr. Conrad declared, but an honest desire to get at the facts in the case, both Democrats and Republicans being involved in the charges.

The Elks' Home.

Baltimore, Special.—Joseph T. Fanning, grand exalted ruler of the Benevolent and Protective Order of Elks, said that he had appointed as governors of the Elks National Home, at Bedford, Va., Mead D. Detwieler, of Harrisburg, Pa., to serve the three-year term, and Thomas F. McNulty, of Baltimore, to fill the two-year term. The third governor, who will serve one year, has not been selected.

Three Thousand at Lakeview.

Lakeview, Special.—The Labor Day celebration and good roads congress held here were attended by at least 3,000 people, and was a complete success. Excursion trains from Sanford, Raleigh, Southern Pines, Carthage, Aberdeen, and Jackson Springs brought large crowds of people, and were welcomed by the Southern Pines band, and Capt. Clarke, it being the first one on the grounds. At 12 o'clock the special train brought Leven's splendid band, and the Sanford Light Infantry, and immediately the large concourse of people assembled in the large grove on the lake, where the speaking was held.

Youth Shoots a Man.

Spartanburg, S. C., Special.—Miller McKinney, a member of the firm of Sloan & McKinney, merchants at Tucapau Mills, was shot and killed Wednesday afternoon about 3 o'clock by Harry Dean, son of Magistrate J. M. Dean, of Duncan's. The tragedy is a most deplorable one, and the prominence of the families of both deceased and his slayer makes it the more regrettable. From what can be gleaned of the happening, it appears that a debt of $2.50 due McKinney by Dean caused the killing.

SENATOR SIMMONS' FATHER KILLED

Aged and Respected Citizen Murdered on His Own Premises.

Newbern, N. C., Special.—Jones county Sunday was the scene of excitement from one end to the other, over the murder of Furniforl G. Simmons, father of United States Senator F. M. Simmons, who was brutally shot and clubbed to death Saturday afternoon by a negro whose name is said to be Daniels.

Mr. Simmons, who lived about eight miles from Pollocksville, Jones county, went there to sell his cotton, and as he did not return Saturday night his family became uneasy as to his whereabouts, as it was known that he had a good sum of money on his person. His grandson, Jas. H. Simmons, who is a merchant of this place, was notified Saturday night that his grandfather was missing, and he left immediately to help in the search. Senator Simmons was also notified, and he arrived here Sunday and was immediately driven out to his old homestead, and when he reached there he found that the body of his aged father had been found down on the banks of Trent river, about one mile from his home, with three gun shot wounds in the body, and a club wound on his head.

A report reaches here that the man who committed the crime was caught near Pollocksville, about 2 o'clock Sunday afternoon, and there were every indication that the citizens were very much wrought up over the matter.

Mr. Simmons, the murdered man, was a quiet, peaceful old gentleman, and the affair has cast a gloom over this entire city, where he was well and favorably known. Mr. Simmons was 76 years of age.

Pedro Alvarado, of the State of Chihuahua, is dead. Not many years ago he was a peon, tolling for thirty cents a day. He discovered the Palmillo silver mine. It made him a Mexican Croesus. He gave away vast sums to the poor, built churches, offered to pay off the national debt. Now his wealth passes to his widow. A "Sun" correspondent writes: "Of the $70,000,000 worth of ore which Alvarado took out of the mine since its discovery ,it is said that there is more than $60,000,000 worth in silver bars locked in a steel eage at the residence of its late owner. This case is guarded day and night by a strong force of armed men."

The telegraph system in Uganda now extends to Batiaba, on the shore of the Albert Nyanza. The trunk line from Mombasa, with its branches, is over 1,034 miles in length and the charge over the whole distance is 2d a word, with a minimum of 1s 4d for a message of eight words. There is also a system of telephones along the whole distance, which may be used at 1s 4d per conversation. The poles on which the wires are fixed are living trees.

In the gun trials conducted by the Chilean naval commission, Vickers Sons & Maxim (Limited) have established a record in power for their 7 1-2-inch naval or coast-defence guns. One of these guns made for the new Chilean battle works developed, with its 200-pound projectile, a muzzle velocity of 3,003 feet per second under normal conditions of pressure, showing a muzzle energy of over 12,500-foot tons. In other words these guns, using capped shot of the Vickers pattern, can perforate the latest type of 6-inch armor at a range of between three and four miles.

Robbers Took Possession.

Sioux Falls, S. D., Special.—Valley Springs, was Saturday morning the scene of the operations of a regular Jesse James band of robbers. Residents of the town were aroused by a number of explosions, and when they appeared on the street to ascertain the cause, discovered that the town was picketed by seven or eight armed men, who drove them from the streets. The bank was the object of the desperadoes who blew open the safe and secured between $8,000 and $10,000.

EXPRESS AGENT SHOT.

Trugedy of a Man Supposed to Be Crazy at Jacksonville.

Jacksonville, Special.—J. E. Stark shot and fatally wounded John F. Angel Thursday afternoon in the office of the Southern Express Company, in this city, while the latter was protecting the life of his sister, the wife of the man who fired the shot.

Stark had been in Jacksonville several days and Thursday morning wired for his wife to join him. She came at about noon and at 2 o'clock they met in the office of the express company, where her brother was employed. The wife suspected that her husband meant to do her bodily injury when he endeavored to get her to go to his hotel. She desired to remain near her brother and declined to go.

"I have brought you here to kill you," Stark said. Quick as a flash his wife seized him, as he was endeavoring to draw a pistol. She pinioned his arms and her cries brought her brother. The pistol was then taken from Stark before it was drawn. Words between the two men followed and blows were exchanged. Stark went to a pawn shop, where he procured another pistol and returned. He entered the office and walked to the cage where Angel was at work with his back turned. Resting the pistol in one of the small steel holes of the cage he fired, the ball striking Angel in the back of the head and lodging near the brain. Angel fell. Stark looked about him and started to leave, when a brother of Angel appeared and seized him. The brother made an effort to kill Stark with a knife, but others interfered and the police placed Stark under arrest. Angel is at St. Luke's Hospital. No hopes are entertained for his recovery.

The defense that Stark's lawyers will make is that he was insane, a theory which is generally accepted by those who know him and who have been with him during the past few days.

Stark was formerly auditor of the Jacksonville, Tampa & Key West road. Angel was cashier of the Southern Express Company.

Annual Pension Report.

Washington, Special.—The annual report of Commissioner Ware places the number of pensioners now on the rolls at 996,454, of which 729,356 are soldiers, and 267,189 are widow and dependents. Mr. Ware announces that it is not probable that the pension roll will again cross the million line, the highwater mark having been reached a year ago. The roll shows a net loss of 2,901 pensioners during the year. Out of a total of 304,809 applications on hand during the year, 130,109 were admitted, and 113,794 rejected. The average annual value of each pension is now $133. The annual value of the Spanish war pension roll has reached $1,765,310. The total payments in pensions for all wars is $3,038,623,590; on account of the civil war, $2,862,240,400. The cost of the pension system per capita of population for 1905 is given as $1.75. The system, according to Commissioner Ware, was about the greatest as a burden to the people of the United States in 1893, since which time it has shrunk from $2.24 to $1.32 per $1,000 of taxable wealth, and in ten years, he says, the burden will cease to be noticed.

Miss Roosevelt in Submarine Boat.

Newport, R. I., Special.—Miss Alice Roosevelt, daughter of the President, went down in the submarine boat Moocasin. The boat did not leave her dock at the Torpedo station. Miss Roosevelt entered the boat with Capt. Fletcher, of the station. The crew then closed the hatches and water ballast was taken in until the vessel settled to the bottom. After being submerged for a few minutes, that the novelty of the situation might be appreciated, she rose to the surface and disembarked. The water was quite shallow where the boat went down.

SWEPT BY CYCLONE

Florida Towns Catch the Force of West India Gales

HIGH SPEED GALES STRIKE HARD

The Annual Gulf Storm Strikes the South Coast of Florida and Heavy Damages Result.

Jacksonville, Fla., Special.—Beginning Friday morning on the east coast, and Saturday morning on the west, and lasting 24 hours at each, South Florida has been swept by the strongest cyclone ever known in the history of that part of the State. The wires went down at the beginning, and railroad service was delayed. On that account no details reached this place until Sunday. Even now they are not full, for many places that were in the center of the path of the storm have not yet been heard from, as the wires in the storm-swept district are not yet working. At Miami the wind attained a velocity of 65 miles per hour. The car shed of the East Coast Railroad was lifted from its foundations clear of the cars that were under it and demolished, not even scratching the cars. The tin roofing of the Belcher block was torn off and blown across the street, completely demolishing the front of the building on that side. Great damage was done to plate glass windows. Large trees were uprooted and several small houses were blown down, but no one was hurt. Several small boats were sunk in the bay. Passengers on the East Coast train which arrived in the city Sunday night reported many wrecks along the shore, between Miami and Hobe's Sound. Among them is one three-masted and one four-masted schooner and several smaller vessels. None of their names is known. One of the Standard Oil Company's large steamers with two barges, is beached near Boynton. The crew of fifteen men were saved. Bodies of two unknown white men drifted on the beach near Boynton.

The storm did not extend as far south as Key West, and did no damage as far north as St. Augustine. Trees and small houses were blown down at Cutler. At Stuart 15 acres of pineapple sheds were blown down, as well as the saw mill and sheds across the river and the building occupied by the postoffice at Wa Wa. The racing yacht No. 23, was bolwn up into the woods, where she now lies high and dry. The residence of Capt. McNeil was blown from its foundations at Stuart. At Jupiter the wind blew 75 miles per hour, with the rain falling in torrents.

Olympia Injured.

Norfolk, Special.—The explosion of a barrel of alcohol on the superstructure deck of the cruiser Olympia, in dry dock at the Norfolk navy yard, Saturday night killed two men, severely injured several others, and set fire to the ship. The master-at-arms of the vessel is missing. The dead: Corporal Yerkes, United States marine corps; white seaman, unknown. The damage by fire was confined to the deck of the vessel and embraced only the canvas awnings and their fixtures. The decks, however, were slightly injured.

Immediately after the explosion fire quarters were sounded and the crew, navy yard fire department and a detachment of marines under Capt. Bools soon quelled what looked like a very dangerous blaze. The explosion was, according to reports from eye witnesses, the direct result of the theft of a barrel of grain alcohol, containing 56 gallons, by a party of sailors. This barrel was, it is said, taken from one of the storehouses of the yard and removed to the deck near the Olympia.

60,000 Slaughtered.

Sofia, By Cable.—With the arrival of new and sensational reports of the wholesale massacres of Christians in Macedonia the situation here is hourly becoming more alarming. If the latest messages, which state that 60,000 Bulgarians have been slaughtered in the districts of Okrida and Leren, shall be confirmed, no doubt exists that the government will be forced to order the mobilization of the army immediately.

Big Lawyer Fees.

Houston, Tex., Special.—The probate court of Harris County, has approved a fee of $100,000 for Baker, Bott, Baker & Lovette for legal services rendered the estate of W. M. Rice, who was murdered in New York three years ago. This is the largest fee ever allowed in Texas in a single case.

Many bids for building the new Pennsylvania-Baltimore and Ohio terminal station in Washington were received in Philadelphia.

On information furnished by Alice Stayton, colored, Essex Stayton, her husband, was committed to prison in Philadelphia, charged with having killed Abraham Little, his brother-in-law, at Grimesland, Pitt county, N. C.

President Roosevelt asked the Postmaster-General for a report on the dismissal of Postmistress Todd, at Greenwood, Del., and said he had in mind a successor to District Attorney Byrne who would heal the party breach.

"LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE."

GOVERNOR AYCOCK STATED IN HIS INAUGURAL ADDRESS THAT UNDER, AND THEREFORE BY IMPLICATION IN CONSEQUENCE OF, FUSION RULE "LAWLESSNESS WALKED THE STATE LIKE A PESTILENCE, CRIME STALKED ABROAD AT NOONDAY, SLEEP LAY DOWN WITH ALARM AND THE SOUND OF THE PISTOL WAS MORE FREQUENT THAN THE SONG OF THE MOCKING BIRD." HOW STANDS THE CASE TO-DAY GOVERNOR? HAVEN'T THE ACTS OF THREE RED SHIRT LEGISLATURES AND MORE THAN TWO YEARS OF YOUR OWN BENEFICENT RULE PASSED INTO HISTORY SINCE YOU PROCLAIMED THE FOREGOING? WHEN YOU ARE CAVORTING OVER THE STATE WHOOPING FOR EDUCATION AND ROADS DON'T YOU HEAR OF MORE CRIMES BEING COMMITED IN NORTH CAROLINA THAN EVER BEFORE AND DO YOU CONTINUE TO ATTRIBUTE THESE TO FUSION RULE.

The editor of the Raleigh Morning Post is responsible for the following bit of news:

"It is discovered that the State of South Carolina is running about $100,000 a year behind every year now, its total revenues falling short that amount. Which moves the Charlotte Observer, in a spirit of neighborly interest to suggest that the State barkeepers be required to double the price of "shorts." We would also venture to add that the same law should require the big distillery owned by the State Board who does the purchasing of liquors for the State to sell to the State—which happens to be themselves according to recent report—at a lower rate; and also that the "blind tigers" located and "doing business" right along in the large towns and cities be requirred to regulate their prices by those fixed by the State Bar Association."

According to some of the other newspapers in the State we thought the South Carolina Dispensary had brought the State out of debt—but it seems we, or the other papers were badly mistaken.

The Wake county Board of Commissioners met in Raleigh last week and reduced the tax rate for schools. The tax rate should be reduced and must be reduced or the people will know the reason why. But the expenses of this extravagrant "good government" should be reduced instead of trying to deprive our children of an education. They should bear in mind that after 1902 all the white boys in North Carolina must be able to read and write before they can vote. This money was taken from the school children right under the nose of our "Educational Governor". It would seem there is some charity work for him to do at home before going over the State again talking education.

The Wilkesboro Chronicle is credited with the following bit of information:

"A list taker living in the State of North Carolina and in a county and township therein located, in making his returns, added the following to the regular oath to be subscribed in such cases:

"I——, do not swear or affirm that my addition is exactly correct, but it is so near it that no one nor the county nor State will be hurt; but if there is any mistake, I think it is in favor of the county and State."

The gentlemen referred to above must be a democratic politician. It reminds us very much of the way democrats count votes in every election.

It has leaked out in Raleigh that a member of the former board of tax assessors has changed the valuation of certain persons property after the County Board of Equalization had passed upon the valuation of same. This of course was in strict violation of law and was only done for a few democratic "pets," as though they should be protected from an unjust law, because they have some money, any more than the poor man should.

Democratic "good government" means tax the many for the benefit of the few, and tax them high.

In order that the democrats might make people believe they had lengthened the school term as they promised, the teachers salaries have been reduced; and this will in a very short time make the public school system in North Carolina only a farce, as only incompetent teachers will be in charge, for the competent will seek more profitable employment, as many are now doing. Why don't you abolish some of the unnecessary offices you have created and use the money for education and not try to starve the teachers.

Mr. Raymond Patterson, the Washington correspondent of the Chicago Tribune, is credited with the following as one of the seventeen things that must be done before the negro question in the South is solved:

"Stop whining about the immorality of the negro until there are to be seen no more mulatto children."

This would seem to be very good advice to the democratic towns in North Carolina. If this rule was adhered to, it would at least solve part of the negro problem.

The farmers that have a good cotton crop this year are in clover. The best cotton is selling here for 11¼ cents per pound and there is every reason to believe it will go higher when the buyers are convinced that the crop is as short as reported.

A northern admirer of Grover Cleveland said he liked Mr. Cleveland better than a certain other politician, because he always knew where to find him. Yes, "birds of a feather will flock together"—at Buzzard's Bay.

An injunction has been issued by parties in Cumberland county to prevent the assessment and collection of high taxes. Bear in mind this is under democratic "good government."

The democrats have had plans drawn for enlarging the State Capitol. The Asheville Register is of the opinion that we need larger statesmen rather than a larger State House.

There are twenty-one divorce cases to be heard at the next term of the Wake county court. This of course is not mentioning the murder cases et al.

An Appeal to the Farmers of the State, by Secretary Parker.

A condition and not a theory now confronts the tobacco farmers—a condition that is largely due to the lack of intelligent organization and co-operation. We had as well look the situation squarely in the face and govern onrselves accordingly. It is well known that the American and Imperial Tobacco Companies, after they pooled interests last fall, gave the farmers a foretaste of what they might expect this season in the way of low prices, which caused tobacco men generally to advice planting a small crop for 1903.

Had there been active organization and co-operation among the farmers at the time and a full and free discussion of the situation and pending danger, the tobacco crop for this year would, in all probability, have been smaller than it now is, and provision could have been made to thwart the purposes of the combine to get tobacco for less than the cost of prodnction.

And yet these need not feel discouraged beyond endurance. They need only to look back at the days of the jute bagging trust and remember what unity of purpose and action did then. The same unity of action on the part of the farmers now toward the tobacco trust would accomplish for them results equal to those accomplished then. Determination not to sell at a sacrifice, backed up by concert of action will make them victors in their fight for better prices.

The present seems to be an auspicious time for organization; the people are ready. Wherever there is an organized Alliance let its members bestir themselves and get their neighbors to come in and be one with them. Where there is no Alliance let the neighbors come together in mass-meeting and reorganize one. I trust some progressive farmer in each neighborhood will take the matter in hand and push the work to completion. The writer will gladly send any inormation at his command to any one interested. Do not delay, but take up the work at once. For further information address

THE VOICE OF THE PRESS.

Some Timely Topics Chipped From Our Exchanges.

A man who believes in democratic promises would be a very easy subject for a lightning rod agent.—Ex.

It makes the democrats mad to talk to them about Grover Cleveland entertaining the negro Fred Douglas at the White House—State Republican.

An exchange slyly says that the Republican cry in the next campaign is not to be "a full dinner pail," but a "fuel baby carriage.—Ex.

This way the democrats have of consolidating school districts looks more like removing the means of an education away from illiterates than it does to bring it closer to them.—State Republican.

Sure our "Educational" Governor must be sleeping, off on a visit, or gone to prove his cattle; else he would put a stop to all this murder, rape, and lynching "that is walking the State like a pestilence."—Shelby Aurora.

We recently heard of a large tract of land being sold, at private sale too, for just two-thirds of the value placed upon it by the board of assessors. Just think of it. And this by an administration that promised to reduce taxation—Asheville Register.

What is the matter with our "Educational Campaign," there is said to be the greatest scarcity of teachers ever known in the State due to the number of teachers who are entering the business world? The reduction in the prices paid teachers is enough to drive them out.—Shelby Aurora.

If a Republican official falls short in his accounts the party must answer for the crime, but when Ex-Sheriff Scott, of Wayne, found himself several thousand dollars short with the county, it was an individual matter.—Ex.

From all sections of the state reports come of indignation of the people over the increased valuation of property for the sole purpose of squeezing more money out the people in the name of "taxes." And the people are justly indignant at such an outrage. For an outrage it is and nothing else. There is not perhaps one out of a dozen of those selected to make the excessive valuation who would give the money they put some property at being worth, however much they may want or need such property. But they they try to shirk the responsibility by saying they did as they were instructed to do. How can you any longer vote with a party that will employ men who for the sake of a few dollars will commit an outrage upon their neighbors?—Chatham Citizen.

Abraham Lincoln's opinion of these Historical Celebrities: "I want to thank you and your brother for Abbott's Series of Histories. I have not education enough to appreciate the profound works of voluminous historians; and if I had I have no time to read them. But your Series of Histories seems to me, in brief compass, just that knowledge of past men and events which I need. I have read them with the greatest interest. To them I am indebted for about all the historical knowledge I have."

PERSONAL TO SUBSCRIBERS

WE WILL SEND to every subscriber or reader of THE CAUCASIAN a full sized ONE DOLLAR package of VITÆ-ORE, by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt if the receiver can truthfully say that its use has done him or her more good than all the drugs and dopes of quacks or good doctors or patent medicines he or she has ever used. READ this over again carefully, and understand that we ask our pay only when it has done you good, and not before. We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. Vitæ-Ore is a natural, hard, adamantine rock-like substance mineral Ore—mined from the ground like gold and silver, and requires about twenty years for oxidization. It contains free iron, free sulphur and magnesium, and one package will equal in medical strength and curative value 800 gallons of the most powerful, efficacious mineral water, drunk fresh at the springs. It is a geological discovery, to which there is nothing added or taken from. It is the marvel of the century for curing such diseases as Rheumatism, Bright's Disease, Blood Poisoning, Heart Trouble, Diphtheria, Catarrh and Throat Affections, Liver, Kidney and Bladder Aliments, Stomach and Female Disorders, La Grippe, Malarial Fever, Nervous Prostration and General Debility, as thousands testify, and as no one, answering this, writing for a package, will deny after using. Give age, ills and sex.

This offer will challenge the attention and consideration, and afterw the gratitude of every living person who desires better health, or who suffers pains, ills and diseases which have defied the medical world and grown worse with age. We care not for your skept cism, but ask your investigation, and at our expense, regardless of what ills you have, by sending to us for a package. You must not write on a postal card.

SOME WONDERFUL ATTRACTIONS FOR THE STATE FAIR.

The Human Bomb and the War Balloon Especially Remarkable Features.

The great State Fair, October 19-24th next promises to be the greatest in the history of the North Carolina agricultural society. Applications for space, and inquires are coming in rapidly. The midway will be a brilliant scene with all of the latest and best attractions and amusements. Many privileges have been booked, and the secretary is in correspondence with some of the largest carnival companies. Nothing in anyway offensive will be allowed, but plenty of amusement and recreation will be offered.

Some of the finest attractions ever seen in the south will be shown here for the first time. Bomb is undoubtedly the most sensational and daring act to be seen anywhere Prof. Ed. R. Hutchinson, tightly shut up in a tomb, made of paper mache and willow, with a time fuse, leading to a heavy charge of gun powder, and the whole attached to a baloon, goes up to a great height. After a certain time the charge explodes. The aeronaut is hurled out. After a fall of some two hundred and fifty feet his parchute opens and he gently descends

The war balloon is another new and novel attraction. A monster balloon, securely fastened by cables to a windlass, turned by a gasolene engine and carying from four to six passengers, goes up to a heigth of

twelve hundred feet to look at the earth from the clouds to see great buildings as were specks far below, and to know that you are absolutely safe, thrills you through and through.

There will be a grand reunion of the confederate veterans of the state, with a great parade, led by some of the first men and first soldiers of the state or the whole south.

TAX-PAXERS IN RALEIGH TOWNSHIP ASK AN INJUNCTON.

Judge Peebles Orders the Defendants to Appear Before Judge Fergurson at Henderson, Oct. 5th

Some of the tax-payers of Raleigh township have entered their protest against the high assessment placed on their property by the tax-assessors. Their attorneys went to Goldsboro yesterday and appeared before Judge Peebles, who is holding court there, and secured an injunction restraing the mayor, the Sheriff and city officials from collecting taxes on the recent assessment. The case will be heard before Judge Fugeson in Henderson, Oct. 5th,

REV. J. L. HIDER AND MRS. SPARKS IN JAIL.

Woman Accused of Murdering Infant—Man Claims He Was Merely Helping Her to Leave County.

Marion, N. C., Sept. 15.—Mrs. Eliza Sparks and Rev. J. L. Hilder were arrested near here today by Sheriff Mashburn. The woman is accused of murdering her infant, near Mica postoffice, Mitchell county, The body of the child was found near Mrs. Spark's father's house by dogs in the the field, where some people were at work.

The Rev. Hilder and the woman left Mitchell county Saturday night. The officers soon suspected them, and today they they were captured, as stated.

The Bell Lumber Company's Plant Burned at Mount Olive.

Mount Olive, N. C., Sept. 15.—There was a disastrous fire here this p. m. about 4 o'clock. The Bell Lumber Company planing mill and dry kilns were burned, the loss being about eight or ten thousand.

The Cotton Boll Weevil.

A cotton planter living at Merrilltown, Tex., thinks he has solved the cotton boll weevil problem At intervals around his forty-acre cotton field he planted castor oil beans, and notwithstanding the fields of his neighbors were nearly ruined by boll weevils, not a weevil or any other sort of insect molested his cotton. The Texas Boll Weevil Commission has offered a reward of $50,000 for a remedy for the pest, and the farmer in question thinks he is entitled to the reward. In this section of the country it is very well known that a few castor oil bean plants in a chicken yard will keep the fowls clear of mites.—Savannah News.

Two Convicts Escape From Penitentiary.

Two white convicts, one of which was serving a life sentence made their escape from the State Penitentiary Sunday afternoon. They were Drayton Medlin from Gaston county and A. V. Rice from New Hanover.

HEAVY RAIN AND SNOW STORM.

Crops Damaged Considerably in The Northwest—Many of The Trains Blocked.

St. Paul, Minn, Sept 14.—With losses amounting to $250,000 a day for three days, several fatalities several num rous derailment-, more than 100 washouts, telegraph wires down, a soaking rain in progress over several States and snow blows working on the western lines, northwestern railways are taxed to the utmost limit of their ability to maintain anything like regular service and to preserve the safety of their passengers.

It has been many years since there was a situation so serious.

The Dispath today says:

Snow and rain have damaged crops in the Northwest during the past week to the extent of millions of dollars. Nearly all the grain in shock, estimated at fifty per cent. and all the standing grain, much of it flax, is buried under snow and water. The rainfall has been eight inches in 48 hours. Rain and sleet and snow prevail all over the Northwest today. Railroad tracks are washed out and trains are abandoned. The trains from the Pacific Coast have been pushing slowly through deep snow for two days and are from ten to twenty hours late.

A washout at Rolling Stone, of Minneapolis, forced the Great Northern to abandon its line on west side of the Mississippi to St. Cloud and no trains were run today or yesterday over the tracks.

Minot, N. D, Sept. 14—Two feet of snow covers the ground and trains are greatly delayed. A special from Kenmare, N. D., says one foot of snow covers the ground with snow still falling. It is said to be the worst storm in three years.

Fearful Odds Against Him.

Bedridden, alone and destitute. Such, in brief was the condition of an old soldier by name of J. J. Havens, Nersailles, O. For years he was troubled with Kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies. "I'm on the road to complete recovery." Best on earth for Liver and Kidney troubles and all forms of Stomach and Bowel Complaints. Only 50c. Guaranteed by all Druggists.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung" writes J. F. Hughes of DuPont, Ga., and gave me up Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I've entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by any Drug Store. Price 50c, and $1 00. Trial bottles free.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly readjusts this. It's gentle, yet thorough. Only 25c at any Drug Store.

Sudden Misadventure.

Carelessness is responsible for many an accident and we never know when to expect one. It is well to know for our own benefit and for others that Bucklen's Arnica Salve is the best remedy on earth for Burns, Scalds, Bruises, Cuts, Felons Boils and Piles. Only 25c. Guaranteed by all Druggists.

THE TROPICAL STORM.

It is Heading North and Will Bring Heavy Rains.

Washington, Sept. 14.—The weather bureau today issued the following special bulletin:

"The tropical storm has crossed the gulf coast line east of Pensacola, Fla., and will move northward over the interior with diminishing strength, causing heavy rains in the southern Appalachian mountain districts. There are no present indications that it will cause dangerous gales on the middle and north Atlantic coasts.

"Frost is indicated in the corn belt to-night as far as northern Kansas, extreme northern Missouri and all of Illinois."

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

MISS MONIE BOWEY,

No. 38 Perry Street, DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pains increased instead of growing better I decided that I was not having the right treatment. Reading in the papers of the wonderful cures performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily bless your splendid medicine.

MONIE BOWEY.

WINE OF CARDUI is one medicine that should always be kept on hand in every home for immediate use when female weakness first makes its appearance. Miss Bowey's painful and dangerous accident would not have resulted so seriously had she taken Wine of Cardui promptly.

Wine of Cardui makes women more womanly by curing their weakness and making them stronger. Wine of Cardui cured Miss Bowey. As a medicine for all women in every trying period of their lives can you think of a better medicine for yourself, your sister, your daughter or your mother? Can you think of a more acceptable present to give your friend than a bottle of this medicine which will bring her health and happiness? You are suffering? Your duty is to rid yourself of this pain. If your daughter, mother, sister or friend is sick and in need of relief, your duty is equally great to them. Many women, now well, owe their lives to friends who brought them Wine of Cardui.

Wine of Cardui is adapted to women at any age in any walk of life. For the working woman it gives her strength for her tasks and better treatment than a doctor for very small cost.

Your druggist will sell you a $1.00 bottle of Wine of Cardui. Secure the medicine today. Take it in the privacy of your home. Relief will come to you as surely as you take it.

WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

CITY THAT IS UNDERGROUND.

It Is in a Turkestan Cave, and Would Hold Thousands.

In Turkestan, on the right bank of the Amou Daria, in a chain of rocky hills near the Bokharan town of Karki, and a number of large caves which, upon examination some time ago, were found to lead to an underground city, built apparently long before the Christian era.

According to effigies, inscriptions and designs upon the gold and silver money unearthed from among the ruins, the existence of the town dates back to some two centuries before the birth of Christ.

The underground Bokharan city is composed of an enormous labyrinth of corridors, streets and squares, surrounded by houses and other buildings two or three stories high. The edifices contain all kinds of domestic utensils, pots, urns, vases and so forth.

In some of the streets falls of earth and rock have obstructed the passages, but generally the visitor can walk about freely without so much as lowering his head.

The high degree of civilization attained by the inhabitants of the city is shown by the fact that they built in several stories, by the symmetry of the streets and squares and by the beauty of the baked clay and metal utensils, and of the ornaments and coins which have been found.

It is supposed that long centuries ago this city, so carefully concealed in the bowels of the earth, provided an entire population with a refuge from the incursions of nomadic savages and robbers.

Chicago, Special.—John Temple Graves, of Atlanta, delivered an address on "The Problem of the Races" last week before the 48th convention of the University of Chicago. He said in part:

The real heroines of every day are in our homes. Frequently, however, it is a mistaken and useless heroism.

Women seem to listen to every call of duty except the supreme one that tells them to guard their health. How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system unstrung? Irritability takes the place of happiness and amiability; and weakness and suffering takes the place of health and strength. As long as they can drag themselves around, women continue to work and perform their household duties. They have been led to believe that suffering is necessary because they are women. What a mistake!

The use of **Lydia E. Pinkham's Vegetable Compound** will banish pain and restore happiness. Don't resort to strong stimulants or narcotics when this great strengthening, healing remedy for women is always within reach.

FREE MEDICAL ADVICE TO WOMEN.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

For proof read the symptoms, suffering and cure recited in the following letters:

"DEAR MRS. PINKHAM:—I wish to express to you the great benefit I have derived from your advice and the use of **Lydia E. Pinkham's Vegetable Compound.** My trouble was female weakness in its worst form and I was in a very bad condition. I could not perform my household duties, my back ached, I was extremely nervous, and I could not eat or sleep, and the bearing-down pains were terrible. My husband spent hundreds of dollars to get me well, and all the medicine that the doctors prescribed failed to do me any good; I resorted to an operation which the physician said was necessary to restore me to health, but I suffered more after it than I did before; I had hemorrhages of the womb that nothing could seem to stop.

"I noticed one of your advertisements and wrote you for advice, I received your reply and carefully followed all instructions. I immediately began to get stronger, and in two weeks was about the house. I took eight bottles of **Lydia E. Pinkham's Vegetable Compound** and continued following your advice, and to-day I am a well woman. Your remedies and help are a Godsend to suffering women, and I cannot find words to thank you for what you have done for me."—MRS. LOTTIE V. NAYLOR, 1328 N. J. Ave., N.W., Washington, D. C.

"DEAR MRS. PINKHAM:—I write to tell you what **Lydia E. Pinkham's Vegetable Compound** has done for me.

"I was suffering with falling of the womb and could hardly drag about, but after taking five bottles of **Lydia E. Pinkham's Vegetable Compound** I was completely cured. I am now a well woman and able to do all my work.

"I think your medicine one of the best remedies in the world."—MRS. J. M. LEE, 141 Lyndal St., Newcastle, Pa.

"DEAR MRS. PINKHAM:—**Lydia E. Pinkham's Vegetable Compound** has done a great deal for me. I suffered so much from falling of the womb and all the troubles connected with it. I doctored for years with doctors and other remedies but received only temporary relief.

"I began taking your medicine, and had not taken it long before I was feeling better. My husband said that I should keep right on taking it as long as it gave me relief from my suffering, as I could not expect to be cured by one or two bottles. I did so and am now able to be on my feet and work hard all day, and go to bed and rest at night. Thanks to your Vegetable Compound I am certainly grateful for the relief it gave me. It is the mother's great friend. I would not be without it in my house, for when I feel tired or out of sorts I take a few doses and feel all right.

"I would recommend your medicine to all tired mothers, and especially to those suffering as I was."—MRS. R. F. CHAMBERS, Bennet, Neb.

RIPANS TABULES

Ripans Tabules are the best dyspepsia medicine ever made. A hundred millions of them have been sold in the United States in a single year. Every illness arising from a disordered stomach is relieved or cured by their use. So common is it that diseases originate from the stomach it may be safely asserted there is no condition of ill health that will not be benefited or cured by the occasional use of Ripans Tabules. Physicians know them and speak highly of them. All druggists sell them. The five-cent package is enough for an ordinary occasion, and the Family Bottle, sixty cents, contains a household supply for a year. One generally gives relief within twenty minutes.

Swinburne and the Baby.

Algernon Charles Swinburne, according to the statement of one of his American friends, made a systematic study of babies before he wrote his admirable rondels upon babyhood.

Mr. Swinburne, who is a bachelor, one day went on tiptoe into the nursery of a friend's house and bent in reverie over the infant that slept there. As he regarded it the slumbering infant smiled, and in contemplation of this seraphic smile the poet's heart was filled with joy and awe. But a voice—the voice of the nurse—interrupted his esctacy.

"It's the wind, bless its heart," the nurse whispered. "Whenever they smile in their sleep, sir, you may always know they're troubled with the wind."

Mr Swinburne scowled and withdrew. On account of the nurse's remark he never wrote a poem on the subject of a baby's dreams.—Kansas City Journal.

THE RIOT AT BEIRUT SUNDAY

Clash Between Mohammedans and Native Christians.

Washington, Special.—Cablegrams were received at the State and Navy Departments from Minister Leishman, at Constantinople, and Admiral Cotton, commanding the American squadron now in Turkish waters, respectively, giving an account of the riot which occurred at Beirut Sunday. It was stated at the Navy Department that no new instructions had gone to Admiral Cotton in consequence of the day's report. Instructions sent to Minister Leishman contemplate that he kept the State Department constantly informed as to the situation, that the Department may know to what extent protection is being afforded American citizens. The President was advised of the facts reported to Washington.

Rear Admiral Cotton's cablegram is dated Beirut, Sept. 7, and is as follows:

"Violence and bloodshed between Mohammedans and native Christians occurred at Beirut Sunday. Six Greek Christians, two Mohammedans and two Turkish soldiers killed; three Greek Christians, three Mohammedans and three Turkish soldiers wounded seriously. Other murders reported. Flag lieutenant and United States consul were present Sunday and Monday in the disturbed quarter and verify details of statement. Turkish government willingly afforded facility for their investigation and guard; promise 1,000 more Turkish soldiers. Turkish soldiers present sufficient if properly disposed of to handle situation at Beirut. Well patrolled and all quiet Sunday night and today, Monday. Turkish Governor promises to do all in his power to restore authority. Many houses closed and business suspended. I have prepared to land force for protection of property of American citizens if situation demands. Will act with caution. Present trouble due to animosity between inimicable and native Christians, and failure to control crimes."

The last portion of Admiral Cotton's cablegram is unintelligible and the cipher experts at the Navy Department worked all morning to translate it.

Minister Leishman reports that a riot occurred yesterday at Beirut in which seven Christians were killed and several wounded. Two houses occupied by Christians were pillaged by the soldiery. The panic was general. An officer and a signal man from Admiral Cotton's fleet are now in the consulate and an investigation of conditions at Beirut is being made by a flag lieutenant, Consul Ravendal and another consular officer. Mr. Leishman says that the origin of the trouble is not distinctly stated by our consul. He further says that it is claimed by the sublime Porte that conditions at Beirut are again quiet, and that the force now there is sufficient to guarantee the safety of the city.

Lieut. Charles L. Hussey is Admiral Cotton's flag lieutenant, and it is presumed here he is the officer making the investigation.

The Postal Fraud Cases.

Washington, Special.—After deliberating for several weeks over a mass of documents submitted by the post-office inspectors, the Federal grand jury in this city returned seven indictments in postal cases, involving six different persons. All the indictments were kept off the public record and both the officials of the district attorney's offices and of the Postoffice Department refused to divulge names or details of the indictments until the parties indicted are arrested. The identity of the indicted individuals thus was left a matter of conjecture.

Loss of Schooners.

Mobile, Special.—Capt. Scott, of the British schooner Bartholdi, has received a letter from Capt. Foster, of the British schooner Emerald, dated Isle of Pines, telling of the loss of the three schooners at Grand Cayman during the recent hurricanes, which have not been mentioned in previous dispatches. These are the schooners Georgiana, Active and Clyde. The letter also mentions the loss of many small coasting vessels.

IS YOUR HEALTH VALUABLE?

Disease is always a handicap; it unfits men for business and pleasure—sometimes temporarily, often permanently. Life is a continuous struggle, and the man or woman afflicted with a Chronic Disease is outclassed at every turn. In this age of sharp competition, no man can hope to be successful unless sound in mind and body.

DR. HATHAWAY.

During my long career as a specialist, I have seen thousands who are carrying around some obstinate chronic disease as a burdensome companion, which they could easily rid themselves of by the proper treatment. Any honest physician will tell you that these diseases are stubborn and obdurate, and a special knowledge is required to treat them successfully. My special fitness for treating Chronic Diseases has been acquired by twenty years of close application, devoted exclusively to their study and treatment. I have treated more cases than any other physician in the United States, and I thoroughly understand just what is required in each case. My specialty includes all chronic diseases, such as Stricture, Varicocele, Blood and Skin Disease, Bladder and Kidney Complaints, Diseases of Women, etc., and my original method of treatment has proven successful in even the most obstinate cases.

I CAN CURE YOU AT HOME.

I have perfected a system of home treatment which enables me to cure you at your own home, as I have thousands of others. Write me fully about your case, and send for complete symptom blanks. Correspondence confidential. Address I. NEWTON HATHAWAY, M.D.

WAS A FLOATING FIRESHIP.

Derelict Sailed for Thousands of Miles in Safety.

A naval officer recently returned from China tells an extraordinary story about a derelict which has been floating around the Eastern sea. The Fannie Kerr is a four-masted bark of 2,426 tons, built of steel. She left Newcastle in April, 1902, with a cargo of coal for San Francisco. She rounded the Horn in safety, but her cargo caught fire in the South Pacific, and after trying for more than a month to extinguish the flames the ship became so hot that the captain and crew abandoned her on the 6th of June and took to their boats. They landed at Kauai, an island of the Hawaiian group, made their way to Honolulu, where the captain made his report and the crew was discharged. On the 10th of March last the captain of the steamship Heathdene, bound from Yokohama to Formosa, sighted a vessel adrift, from which smoke seemed to arise. Steaming toward her he discovered that she was the long missing Fannie Kerr, which had been gradually drifting westward several thousand miles for nearly nine months, with her cargo still on fire.

Cured Without the Bear.

Old Henry was a stickler for antiquated customs and luck-lore. He was Mrs. Newrich's gardener, and she bade him transplant some parsley. It was not parsley planting season, however, so there was war between her will and his superstition. His superstition prevailed and with a little careless laugh, lifting her pretty silk skirts high, she tripped back to the cottage.

Later in the afternoon she explained to some callers old Henry's eccentricities. "And just think," she continued, "he said to me once, with a note of interrogation in his voice, that he had 'heard say' the whooping cough was never taken by a child who had ridden upon a bear!

"Of course," she added, "Mr. Newrich wanted to move heaven and earth to get the bear, but I wouldn't hear to it, and baby got well of the whooping cough without it."

Unusual Provocation.

"You ought to know better," said the oculist, "than to rub your eyes after handling paper money. Unless it's perfectly new, it's full of germs."

"But this was a thousand-dollar bill a fellow handed me to look at. I rubbed my eyes to see if I was awake," responded the patient.
